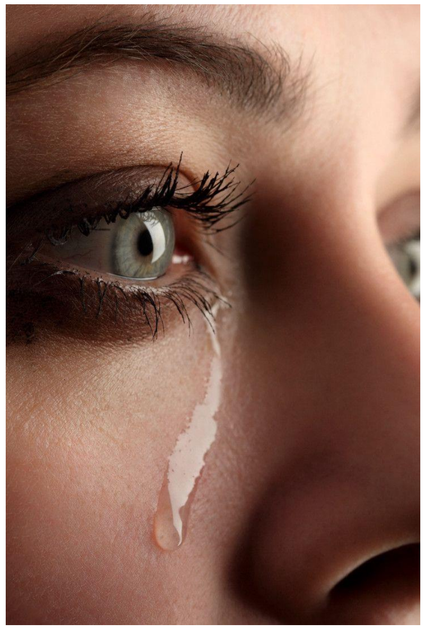
Artist's Statement ;

- Message that we want to deliver -

- **Why ?**
  - Watching a movie while eating popcorn is a sensory experience using the five senses, and we experience various emotions through them.
- **What ?**
  - Our team has implemented the experience of connecting five senses and emotion through an audioovisual program, with the theme of "Magic Theater".
- **How ?**
  - Popcorns are jumping along with the music.
  - When we say our feelings, background color changes and popcorn reacts.

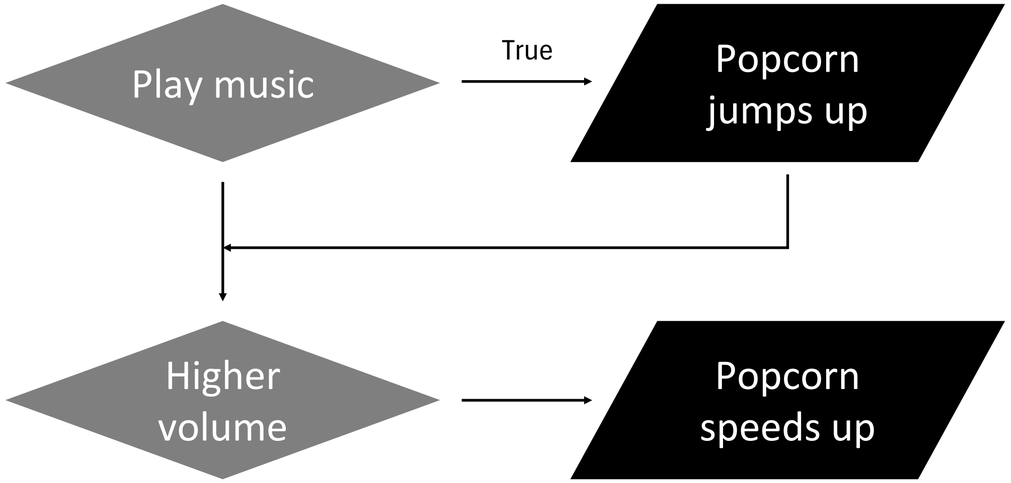
Visual Concept ;



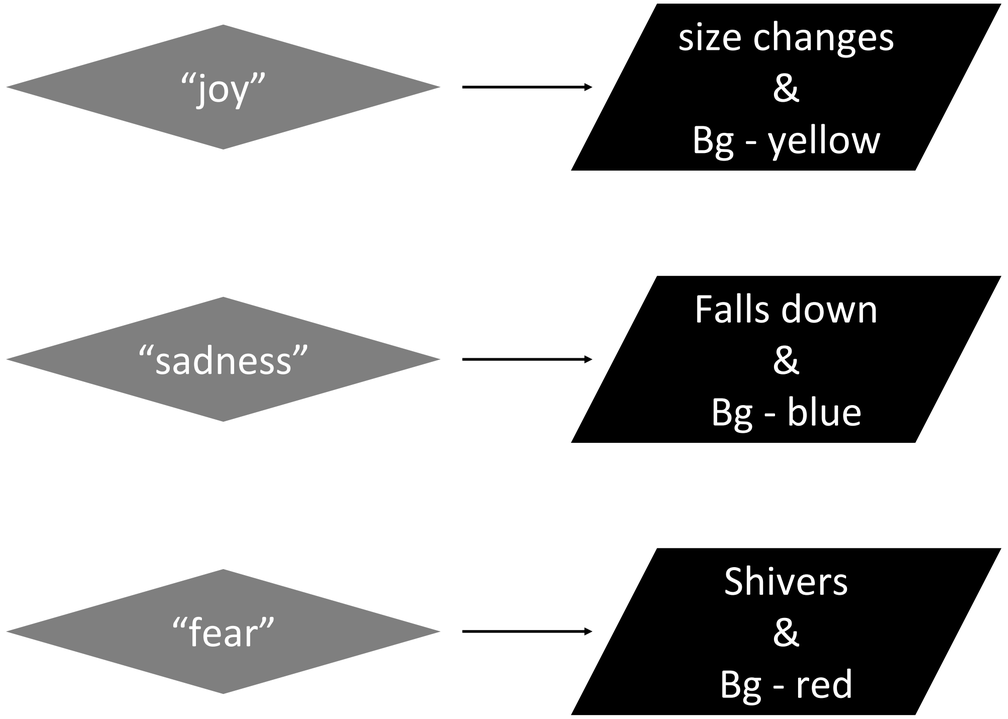
Sound Mapping ;

- With popcorns -

1. Music mode



2. Voice mode



Feature ;

1. **Use popcorn image as an object**
   - Draw popcorns, and make class of popcorn to use image as an object.
2. **Make popcorn jump according to the volume of the music**
   - Popcorn jumps out as a form of fountain.
   - The speed of popcorn changes as volume changes.
3. **Make popcorn react about input word**
   - Receive input keyword in microphone.
   - Make popcorn motion with some functions.
   - Show result at console.
4. **Make buttons for each mode**
